## MISSION STATEMENT

***'To build a bond between our school and families that allows the children to thrive and friendships to flourish'***

Our PTA at St Vincent's is about much more than simply fundraising. The PTA exists to provide closer links between home and school and it is an excellent way to bring staff, parents and friends together socially in support of the school, working towards a common goal. Not only does each and every one of our children benefit from everything that is raised, but we all at St Vincent's become a real community having lots of fun along the way. We make friendships that last a lifetime and any offer of support, however big or small, is always warmly welcomed.

We really appreciate the help given from the previous team and all the ongoing support from you as parents. We hope to make the PTA as fun and successful as possible and would love all new and veteran parents to come and join us. We really need you all to help support the events we plan however big or small your involvement can be. A few hours of your spare time every now and again or some new ideas really goes a long way and is always hugely appreciated.

Come and say hi, join our meetings and get involved in all the fun.

We can't wait to get started. You'll hear much more from us once we have found our feet and are up and running.
